

INSPECTOR GENERAL REPORT

2005-05-0299

September 1, 2005

LIST OF STATE AGENCIES

Inspector General David O. Thomas reports to Governor Mitchell E. Daniels, Jr., as follows:

Public Law 222 in the 2005 legislative session expanded the jurisdiction of the Indiana Ethics Commission to extend to all quasi-agencies.

This same law also created the Office of the Inspector General (OIG) and gave it investigative authority over these same agencies.

Another statutory provision extended the authority of the Office of Management and Budget over these same entities.

In exploring our jurisdiction, we were unable to find a complete listing of all state agencies and quasi-agencies. Under the direction of Executive Director Mary Lee Comer of the Indiana Ethics Commission, research was conducted and a list was compiled. This current list is attached as Exhibit A.

There are multiple purposes for compiling this list, including the requirements that these agencies' employees complete ethics training and file financial disclosure forms, all as required in Public Law 222.

This report is a work in progress. Additional agencies may be added as our investigation continues.

Dated this 1st day of September, 2005.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "David O. Thomas". The signature is written in a cursive, flowing style.

David O. Thomas, Inspector General
